

Prism 2000™ coatings contain a silicone polyester resin that provides good long-term protection for your pre-painted metal building component. It is an excellent exterior finish for pre-engineered buildings, agricultural buildings and insulated panels. Superior abrasion resistance allows this product to endure the physical abuse of fabrication, transit, and construction without cracking or marring.

Prism 2000™ Colors

■ Available in 26 gauge
 ▼ Available in 29 gauge (30 year warranty)
 The colors shown may vary slightly from the actual painted panels.
